REVIEWS and RECOMMENDATIONS

I was most satisfied with the (roof) installation crew. They were very efficient and cognizant of the weather; it was below zero when they were doing their installation...I tried to get them to come in and warm up, they really just wanted to keep working to get it done so we would be as comfortable as possible.

C. Beverly, Littleton, MA

"I was impressed with the security and the windows are easy to maintain."

K. Hunter, Lincoln, RI

"The windows made a dramatic change in the temperature of my house!"

G. Fulbrook-Hanna, Acton, MA

"All representatives of the company were professional, respectful of our needs, provided continuous clear communication and started and completed the project in a timely manner...Would definitely use Coastal Windows & Exteriors for future projects."
